SUMMARY

I am seeking an opportunity where I can continue to be a “conceptual thinker” working with a marketing firm as a graphic designer, account manager, or project manager. I have developed logos, portfolios, signage, print ads, postcards, image proposals, and full web sites. I want to continue to develop creative initiatives from inception to completion. I can handle problem solving, and work well under pressure, tight-deadlines, and within project budget.

PROFESSIONAL EXPERIENCE

- 2004-Present **Graphic Designer** – McGehearty & Associates, Inc. Dallas, Texas
Designed all of the marketing materials for the recruiting firm from logo, print ads, postcards, signage, to full website design and management.
